## NEW EQUIPMENT INSTALLED

WARSAW GAS PLANT GETS NEW METERS -- Trybuna Ludu, No 246, 7 Sep 49

The acute shortage of meters at the Warsaw Gas Plant has now been considerably relieved. In August 500 meters were supplied from abmeatic production and 1,000 from abmoad. A balance of 2,000 meters from abmoad is expected shortly, and 2,000 more, ordered in Soviet Zone Germany, are expected before the end of the year. About 700 meters were installed during July and 900 in August.

TO GET NEW CZECH GAS GENERATORS -- Zycie Warszawy, No 239, 31 Aug 49

The Municipal Gas Plant in Warsaw will receive two new generators purchased in Czechoslovakia. Assembly work will be completed early in November. Blower venticators with 160-horsepower engines have been produced for the first time in Poland. The output of gas will be 1,450 cubic meters per hour and will fully cover requirements during the winter season.

TO BUILD NEW CAS TANK IN NARAMOWICE -- Trybuna Ludu, No 243, 4 Sep 49

The Manicipal Gaswowks in Poznan received 100 million alotys for investment purposes this year. A large part of the fund is assigned for the construction of a new gas tank in Naramowice. Construction of the tank can be completed this year provided the necessary materials are obtained on schedule.

BOILER APPARATUS NEPAIRED -- Trybuna Ludu, No 246, 7 Sep 49

Workers at the Warsaw Power Plant have repaired the complicated "Arca" boiler feed apparatus. This machinery had heretofore been handled only by foreign technicians. The machine is now again in operation and saves 2,000 tone of coal or 960,000 zlotys yearly.
